

Classroom visit

In Class Assignment

Directions: You will visit a math class at *Green River Community College*. (See sign-up sheet.) While you are visiting this class, listen for words (especially math words!), that you know. Write them down here. We will discuss them later in class.

1. Vocabulary words:

2. How was this math class different than you expected it to be?

3. How was this class different than classes in your country?

4. Be ready to present your information to your ESL classmates for 2 to 5 minutes.
