Results

Math 0301 Productive Grade Rates (A, B, or C)

Student Feedback

What's the most important thing you learned?

Responses

“I learned vocabulary words that I didn’t know and now use them in my everyday life.”

“I learned how to organize my time and work.”

Responses

“Math is not a bad subject. With constant practice, you can get better, but you have to keep at it.”

“To never give up.”
